

36 Month Questionnaire

34 months 16 days
through 38 months 30 days

On the following pages are questions about activities children may do. Your child may have already done some of the activities described here, and there may be some your child has not begun doing yet. For each item, please fill in the circle that indicates whether your child is doing the activity regularly, sometimes, or not yet.

Important Points to Remember:

Notes:

- Try each activity with your child before marking a response.
- Make completing this questionnaire a game that is fun for you and your child.
- Make sure your child is rested and fed.
- Please return this questionnaire by _____.

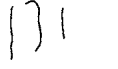

COMMUNICATION

	YES	SOMETIMES	NOT YET	
1. When you ask your child to point to her nose, eyes, hair, feet, ears, and so forth, does she correctly point to at least seven body parts? (She can point to parts of herself, you, or a doll. Mark "sometimes" if she correctly points to at least three different body parts.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	___
2. Does your child make sentences that are three or four words long? Please give an example:	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	___
3. Without giving your child help by pointing or using gestures, ask him to "put the book <i>on</i> the table" and "put the shoe <i>under</i> the chair." Does your child carry out both of these directions correctly?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	___
4. When looking at a picture book, does your child tell you what is happening or what action is taking place in the picture (for example, "barking," "running," "eating," or "crying")? You may ask, "What is the dog (or boy) doing?"	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	___
5. Show your child how a zipper on a coat moves up and down, and say, "See, this goes up and down." Put the zipper to the middle and ask your child to move the zipper <i>down</i> . Return the zipper to the middle and ask your child to move the zipper <i>up</i> . Do this several times, placing the zipper in the middle before asking your child to move it up or down. Does your child consistently move the zipper up when you say "up" and down when you say "down"?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	___
6. When you ask, "What is your name?" does your child say both her first and last names?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	___

GROSS MOTOR

		YES	SOMETIMES	NOT YET	
1. Without holding onto anything for support, does your child kick a ball by swinging his leg forward?		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
2. Does your child jump with both feet leaving the floor at the same time?		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
3. Does your child walk up stairs, using only one foot on each stair? (The left foot is on one step, and the right foot is on the next.) She may hold onto the railing or wall. (You can look for this at a store, on a playground, or at home.)		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
4. Does your child stand on one foot for about 1 second without holding onto anything?		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
5. While standing, does your child throw a ball overhand by raising his arm to shoulder height and throwing the ball forward? (Dropping the ball or throwing the ball underhand should be scored as "not yet.")		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
6. Does your child jump forward at least 6 inches with both feet leaving the ground at the same time?		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
GROSS MOTOR TOTAL					_____

FINE MOTOR

		YES	SOMETIMES	NOT YET	
1. After your child watches you draw a line from the top of the paper to the bottom with a pencil, crayon, or pen, ask her to make a line like yours. Do not let your child trace your line. Does your child copy you by drawing a single line in a vertical direction?	<p>Count as "yes"</p>  <p>Count as "not yet"</p> 	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____

FINE MOTOR (continued)

2. Can your child string small items such as beads, macaroni, or pasta "wagon wheels" onto a string or shoelace?

YES	SOMETIMES	NOT YET	_____
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	

3. After your child watches you draw a single circle, ask him to make a circle like yours. Do not let him trace your circle. Does your child copy you by drawing a circle?

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
-----------------------	-----------------------	-----------------------	-------

4. After your child watches you draw a line from one side of the paper to the other side, ask her to make a line like yours. Do not let your child trace your line. Does your child copy you by drawing a single line in a horizontal direction?

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
-----------------------	-----------------------	-----------------------	-------

5. Does your child try to cut paper with child-safe scissors? He does not need to cut the paper but must get the blades to open and close while holding the paper with the other hand. (You may show your child how to use scissors. Carefully watch your child's use of scissors for safety reasons.)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
-----------------------	-----------------------	-----------------------	-------

6. When drawing, does your child hold a pencil, crayon, or pen between her fingers and thumb like an adult does?

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
-----------------------	-----------------------	-----------------------	-------

FINE MOTOR TOTAL _____

PROBLEM SOLVING

1. While your child watches, line up four objects like blocks or cars in a row. Does your child copy or imitate you and line up *four* objects in a row? (You can also use spools of thread, small boxes, or other toys.)

YES	SOMETIMES	NOT YET	_____
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	

2. If your child wants something he cannot reach, does he find a chair or box to stand on to reach it (for example, to get a toy on a counter or to "help" you in the kitchen)?

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	_____
-----------------------	-----------------------	-----------------------	-------

PROBLEM SOLVING (continued)

YES SOMETIMES NOT YET

3. When you point to the figure and ask your child, "What is this?" does your child say a word that means a person or something similar? (Mark "yes" for responses like "snowman," "boy," "man," "girl," "Daddy," "spaceman," and "monkey.") Please write your child's response here:

4. When you say, "Say 'seven three,'" does your child repeat *just* the two numbers in the same order? *Do not repeat the numbers.* If necessary, try another pair of numbers and say, "Say 'eight two.'" (Your child must repeat just one series of two numbers for you to answer "yes" to this question.)

5. Show your child how to make a bridge with blocks, boxes, or cans, like the example. Does your child copy you by making one like it?

6. When you say, "Say 'five eight three,'" does your child repeat *just* the three numbers in the same order? *Do not repeat the numbers.* If necessary, try another series of numbers and say, "Say 'six nine two.'" (Your child must repeat just one series of three numbers for you to answer "yes" to this question.)

PROBLEM SOLVING TOTAL _____

PERSONAL-SOCIAL

YES SOMETIMES NOT YET

1. Does your child use a spoon to feed herself with little spilling?
2. Does your child push a little wagon, stroller, or toy on wheels, steering it around objects and backing out of corners if he cannot turn?
3. When your child is looking in a mirror and you ask, "Who is in the mirror?" does she say either "me" or her own name?
4. Does your child put on a coat, jacket, or shirt by himself?
5. Using these exact words, ask your child, "Are you a girl or a boy?" Does your child answer correctly?
6. Does your child take turns by waiting while another child or adult takes a turn?

PERSONAL-SOCIAL TOTAL _____

OVERALL

Parents and providers may use the space below for additional comments.

1. Do you think your child hears well? If no, explain:

YES

NO

2. Do you think your child talks like other children her age? If no, explain:

YES

NO

3. Can you understand most of what your child says? If no, explain:

YES

NO

4. Can other people understand most of what your child says? If no, explain:

YES

NO

5. Do you think your child walks, runs, and climbs like other children his age?
If no, explain:

YES

NO

6. Does either parent have a family history of childhood deafness or hearing
impairment? If yes, explain:

YES

NO

OVERALL (continued)

7. Do you have any concerns about your child's vision? If yes, explain:

 YES NO

8. Has your child had any medical problems in the last several months? If yes, explain:

 YES NO

9. Do you have any concerns about your child's behavior? If yes, explain:

 YES NO

10. Does anything about your child worry you? If yes, explain:

 YES NO

Lead Exposure Risk Assessment Questionnaire for Children

In addition to the required testing of all children for lead with a blood lead test at one year of age and again at age two, assessment of risk for lead exposure should be done at each well-child visit or at least annually for each child six months to six years of age. The questions below serve as a risk assessment tool based on currently accepted public health guidelines. Children found to be at risk for lead exposure should receive a blood lead test whenever such risk is identified.

Questions	Answer	
	Yes	No
<p>1. Does your child live in or regularly visit a house/building built before 1978 with peeling or chipping paint, or with recent or ongoing renovation or remodeling? Note: This could include a day care center, preschool, and the home of a babysitter or a relative.</p>		
<p>2. Has your family/child ever lived outside the United States or recently arrived from a foreign country?</p>		
<p>3. Does your child have a brother/sister, housemate/playmate being followed or treated for lead poisoning?</p>		
<p>4. Does your child frequently put things in his/her mouth such as toys, jewelry, or keys? Does your child eat non-food items (pica)? Note: This may include toys or jewelry products that have been recalled by the Consumer Products Safety Commission (CPSC) due to unsafe lead levels: www.nyhealth.gov/environmental/lead/recalls</p>		
<p>5. Does your child frequently come in contact with an adult whose job or hobby involves exposure to lead? Note: Jobs include house painting, plumbing, renovation, construction, auto repair, welding, electronics repair, jewelry or pottery making. Hobby examples are making stained glass or pottery, fishing, making or shooting firearms and collecting lead or pewter figurines.</p>		
<p>6. Does your child live near an active lead smelter, battery recycling plant, or another industry likely to release lead, or does your child live near a heavily-traveled road where soil and dust may be contaminated with lead? Note: May need to alert parent/caregiver if such an industry is local.</p>		
<p>7. Does your family use products from other countries such as health remedies, spices, or food, or store or serve food in leaded crystal, pottery or pewter? Note: Lead has been found in traditional medicines such as Ayurvedic medicine, liga, greta, azarcon, litargirio, and in cosmetics such as kohl, surma, and sindoor. Lead exposure risk is higher with old, imported, painted, cracked or chipped china, and in low-fired and terra cotta pottery, often made in Latin America and the Middle East.</p>		

If the answer to any of the above questions is YES, then the child is considered to be at risk for lead exposure and should receive a blood lead test.

- Ask any additional questions that may be specific to a particular community (or population) e.g. high risk zip code, refugee child recently arrived in the United States, children with behavioral and/or developmental disabilities, children who receive Medicaid or children entering foster care.
- Ask if any of the above conditions are expected to change in the future (e.g. house remodeling).
- Tailor appropriate anticipatory guidance to the child and family.
